WHY CSEI?

Our vision is to guide and support students to grow confident in the career path they choose with the education they get from CSEI, inspiring them to achieve their full potential. We believe in “learn with fun”, so we intend to provide a creative learning environment, encouraging students to develop life-long learning enthusiasm and motivating them to develop critical thinking skills.

Creative Star Education Institutes Academy FZ-LLC (CSEI) is an educational center for the learning enthusiast which is an open space for intellectual discovery. After working with a number of universities and researching on the kind of education system that makes students want to learn more and engage in educational activities, without feeling pressurized, CSEI has been established for the students from all over the world to enhance and improve—not just educational knowledge but also student’s skills required to deal in the outside world.

MISSION

- We are committed to providing a safe space for all the students where they can speak up and learn freely.
- We aim to encourage students to not limit education to rote learning, instead to explore and learn new things everyday on their own as well.
- We believe in the power of communication, so we commit to be vocal among all authorities and inspire students to be vocal as well, always being open to work on ourselves as per the feedback.
- We aim to set an example of an educational institute by providing quality education at an affordable price.

UK DIPLOMA PROGRAMS

HEALTH AND SOCIAL CARE MANAGEMENT

The objective of the Health and Social Care Management qualification is to equip learners with the underpinning knowledge, understanding and skills required for a career in the health and social care sector at a managerial level. The program enables learners to demonstrate their skills by producing evidence from their work activities, to meet national occupational standards. Learners will acquire care management skills in the Health and Social Care sector.

BUSINESS MANAGEMENT

The objective of the Business Management qualification is to provide learners with an excellent foundation for a career in a range of organizations. It is designed to ensure that each learner is 'business ready': a confident, independent thinker with a detailed knowledge of business and management and equipped with the skills to adapt rapidly to change. The content of the qualification is focused on leadership and people management, strategic human resource management, operations management, sustainable business practice, financial decision making as well as the business research skills expected of a manager.
